**REQUEST FOR CERTIFICATE OF CORRECTION  
OF PATENT FOR PTO MISTAKES UNDER 37 C.F.R. 1.322(a)  
AND FOR APPLICANTS' MISTAKES UNDER 37 C.F.R. 1.323**

Sir:

Patentee respectfully requests correction of the following mistakes in the above-referenced U.S. Patent No. 7,626,161 B2. In particular:

At column 2, line 20, the printed patent incorrectly reads "or extracted bt electrical means". It should read instead as --or extracted by electrical means--. This is clearly a typographical error in that the term "bt" should be --by--. No new matter is added to the subject patent by this change.

At column 3, line 6, the printed patent incorrectly reads "gas flow is idea, in the sense". It should read instead as --gas flow is ideal, in the sense--. This is clearly a typographical error in that the term "idea" should be --ideal--. No new matter is added to the subject patent by this change.

At column 7, line 50, the printed patent incorrectly reads “used to obtained the desired”. It should read instead as --used to obtain the desired--. This is clearly a typographical error in that the term “obtained” should be --obtain--. No new matter is added to the subject patent by this change.

At column 12, line 60, the printed patent incorrectly reads “while, al auxiliary into the analyzing region flow should be”. It should read instead as --while, all auxiliary flow into the analyzing region should be--. This is clearly a typographical error in that the term “al auxiliary into analyzing region flow” should be --all auxiliary flow into the analyzing region--. No new matter is added to the subject patent by this change.

It is noted that the above errors that appeared in this patent were caused by mistake of both the Patent Office and the Applicants’ representative and are typographical and are of minor character. The errors occurred in good faith, and correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination. Therefore, a Certificate of Correction is requested.

Attached herewith please find a fully completed Form PTO/SB/44 suitable for printing.

Please forward the Certificate of Correction to:
